## **Southeast Pierce County: Water advisory ends for Eldorado residents**

**OLYMPIA** — Residents of the Eldorado Estates neighborhood in Graham can stop boiling their tap water. Tests on water samples show the water meets safe drinking water standards.

The Valley Water District issued the advisory as a safety precaution Wednesday after a water main break caused about 160 homes to lose water or water pressure. When pressure is lost, contaminants can be drawn into the water lines.

Customers who have questions about their water should call Valley Water District at 253-841-9698.
